

CABLE RETRACTOR

Our CABLE RETRACTOR solutions enhance the practicality of BACHMANN desk connection panels.

Cables are always available and stored away tidily with the help of cable retractor systems. The system is very user-friendly and offers many implementation options along with the proven BACHMANN desk connection panels.

BENEFITS

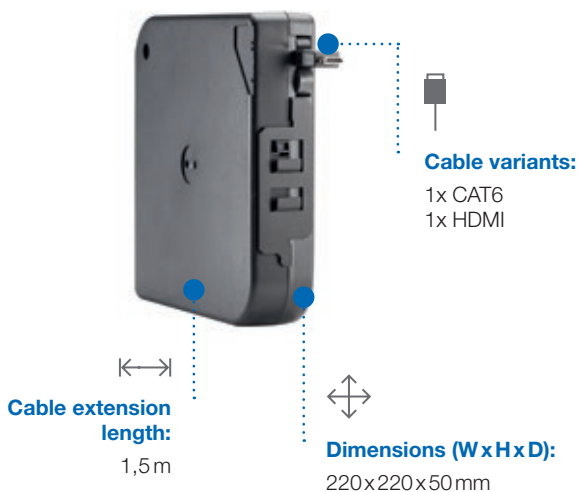

- **Keeps patch cables at the ready and neatly tidied away**
- **Easy operation via pulling out by hand**
- **Mechanical spring-action retraction of cables not required**
- **Many combinations possible with BACHMANN desk connection panels**

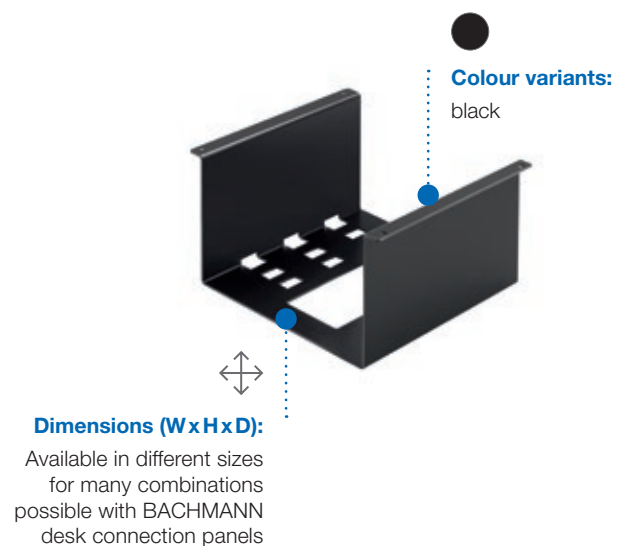

Mechanical spring-action retraction of cables not required

Mounted under the table, the combination is the perfect solution for tidy cabling.

Cable pull-out

Mounting

CABLE RETRACTOR can only be used in combination with cable pull-out, mounting and Custom Modul cable gland (930.032)!
